

SmallOfficeSeries™

FM10/10A SERIES

Designed for the smaller office

Approved suppliers and maintainers
of franking machines

Manage all your mailing needs with our new desktop mailing system

The FM10/10A Series digital mailing system with built-in scale is ideal for the small business or home office that sends upwards of 5 letters or parcels per day. It will give you exact postage every time as well as convenience, efficiency and savings.

- **Savings** - using a franking machine you qualify for Royal Mail postage discounts. Plus the 2.5kg integrated scale will automatically calculate the exact postage, saving up to 27% on your postage costs.
- **Convenience** - refill postage in one easy step with, postage-by-phone, no more trips to the Post Office to buy stamps.
- **Efficiency** - update postage rates automatically and download advertising slogans with Pitney Bowes unique IntelliLink® system.

The FM10/10A Series also allows you to advertise your company on every letter, instantly bringing a professional image to your business. You can create your own messages using the text entry facility (FM10A only) or download custom made graphics using *IntelliLink®*.

Product Benefits

- Integrated scale calculates the correct postage - never guess or overpay again
- Avoid time consuming trips to the post office - frank mail from your office, 24 hours a day
- Access all Royal Mail UK and overseas postage rates at the touch of a button.
- Project a professional image for your business, five pre-loaded advertising slogans included
- Postage funds remain secure, protected by PIN code
- Prints postage for all envelope and package sizes

Optional Features (additional charge will apply)

- Optional accounting facility, track postage usage by department
- Date and Time Stamp ensures incoming mail is handled efficiently
- Text Entry, add personalised messages to every letter
- Manual weight entry, enter common weights for exact postage costs
