

Approved suppliers and maintainers  
of franking machines

## EcoMail Now frank even small postal volumes both economically and ecologically.

EPS's philosophy – that any innovation must have both immediate and long term benefits for its customers has made it a respected name among postal professionals world - wide.

The EcoMail Generation is the latest and most powerful expression of this philosophy. A fast, reliable, fully modular, expandable franking system, driven by advanced System Intelligence, with exclusive ComTouch™ ease of use. New generation EcoMail delivers unique performance and user benefits that enable you to manage every mailing faster, more easily and economically than ever before.

Touch it! The exclusive Frama ComTouch™ springs to life, immediately displays every function you need and guides you through the entire franking process step by menu guided step. That's System Intelligence made by Frama.

### EcoMail. Key features in brief:

2000 frankings per hour. Letter thicknesses up to 6 mm. 9 programmable fixed values. Resettable and nonresettable value and item counters. Up to 8 advertising clichés in memory. Automatic date change. High value blocking. EcoMail is available in blue or anthracite.

Optional: Environment friendly re-usable ink ribbon cassette EcoFill. Automatic tariff calculation. Interface for S weighing platforms.

Save with it! The rechargeable ink ribbon cassette EcoFill is another Frama exclusive that is Environment friendly and saves money too. And to change the ink ribbon is child's play!
